PROGRAM

The World Society of Emergency Surgery Congress

Welcome

ADDRESS

It is our pleasure to welcome you to the **11th annual edition of the World Society for Emergency Surgery (WSES) congress**, which takes place in the island of Rhodes, **June 25th to 28th**.

Esteemed colleagues from all around the world are expected to present and discuss the latest trends and new evidences of both trauma and general non-traumatic emergency surgery.

They will have the opportunity to attend highly interactive debates, key note speeches and lectures, new and update existing clinical practice guidelines discussions, multidisciplinary panels and roundtable meetings, gamified training activities, satellite events and selected oral presentation and video sessions sessions.

During the meeting participants will be able to interact with colleagues from all over the world, network with industry and enjoy an exciting social program.

Additionally participants will be invited to take part in a large scale field simulation exercise of prehospital prolonged field care in the historical city of Rhodes.

On behalf of the local organizing committee and the WSES board we look forward meet you in Rhodes.
